

# Who We Are

## Coal to the world, growth to the nation

### About RBCT

Richards Bay Coal Terminal (Proprietary) Limited (“RBCT”) is one of the leading coal export terminals in the world. RBCT was established in 1976 with an original capacity of 12 million tons per annum, (“Mt/a”) and has expanded it has grown into an advanced 24-hour operation with a design capacity of 91 Mt/a. The Terminal provides South Africa’s Coal Exporting Parties (CEPs) with a world class logistics service that facilitates the export of coal.

RBCT is positioned at one of the world’s deep sea ports and handles large volumes of coal and vessels. The 276 hectare site currently boasts a quay that is 2.2 kilometres long, 6 Berths and 4 Shiploaders, with a stockyard capacity of 8.2 Mt.
